ABOUT ME

I have a keen sense of professional listening, and my adaptability allows me to thrive in diverse environments. With a passion for creativity, I am eager to bring my energy and determination to your company's project.

PROFESSIONAL EXPERIENCE

RESUME WORDED

- **2D Draftsman | January 2023 to October 2023**
Used AutoCAD to create plans, facades, and sections on a flat plane.
- **Exterior Architect | January 2023 to October 2023**
Utilized SketchUp as a 3D design software.
- **Final Year Project | February 2022 to June 2022**
Worked on an embedded system and IoT project involving a solar tracker that automatically follows the sun and sends data to an electronic board, which processes the data and transmits it to a smartphone that provides performance statistics.

SELECTED PROJECT EXPERIENCE

- **Project: RentNGo - Car Rental Website | July - August 2024**
Developed with Spring Boot, Angular, and SQL. It offers features for visitors, clients, and administrators. The project was implemented following the Scrum methodology.
- **Training Project: SPORTSCAPE | June 2024**
A sports activity booking platform developed with Spring Boot and Angular.
